## Reference Chart for Siser® ColorPrint™ Digital Materials

For profiles on these products, please visit SiserNA.com/profiles or contact your printer manufacturer.

### Description:
- **ColorPrint™ Crystal**: A clear film designed to yield FULL COLOR logos for application on white or light garments. It has its own built-in laminate as the ink is between the garment and the media. NO MASK REQUIRED!
- **ColorPrint™ Glitter**: A unique digital product for FULL COLOR logo printing that adds the bold look of glitter with a shimmering finish. Excellent for small sponsored logos!
- **ColorPrint™ II**: A thin material with a matte finish that offers a soft look.
- **ColorPrint™ Classic**: Recommended for application on white or light garments. It has its own built-in laminate as the ink is between the garment and the media. NO MASK REQUIRED!
